Mededelingen van het Bestuur

=====

Dear all,

I hereby warmly recommend to you the upcoming 53rd Netherlands Mathematical Congress (NMC 2017), which will be held at Utrecht Science Park on April 11 and 12, 2017.

The scientific and organizing committees have worked hard to organise a fine programme, which includes plenary lectures by Henry Cohn, Jos Leys, and Konstantin Mischaikow. Semi-plenary lectures are given by Dion Gijswijt, Nelly Litvak, Natasha Maurits, and Bob Rink.

Moreover, there will be seven minisymposia (GQT, STAR, Optimization, Scientific Computing, Rationals Points, NDNS+, Stieltjesprijs Symposium by Wonder) with invited speakers, as well as a poster session. A special Do-centendag (Teachers day) is organised on the second day.

This year the Brouwer medal will be awarded to Kenneth A. Ribet (UC Berkeley), for his groundbreaking contributions to number theory. His plenary lecture is scheduled on April 11, 2017 from 16:30 to 17:30. Lecture and ceremony will be followed by a reception at the conference venue.

The evening programme consists of a conference dinner in the University's Academy Building at Domplein.

For more information and details see the conference [website](#) and in particular the program booklet with titles and abstracts.

I hope that you will decide to profit from the EXTENDED EARLY BIRD REGISTRATION, which will close by March 18, 2017. And do not forget to register in time for the CONFERENCE DINNER (deadline also 18 March).

Last but not least we hope that many of you will decide to contribute a poster for the POSTER SESSION on the second day (see registration form).

We look forward to seeing many of you at the conference.

With best wishes,
on behalf of the Dutch Mathematical Society
and the organizing committee,

Erik van den Ban
President KWG.

1. Agenda
2. Colleges, voordrachten en cursussen
3. Promoties
4. Vacatures

1. Agenda
- Van de met * aangeduide activiteiten vindt men bijzonderheden in de rubriek Colleges, voordrachten en cursussen.

- 22-3 UvA: General Mathematics Colloquium
 Speaker: Damaris Schindler (UU)
 Title to be announced
 Time/location: 16-16.45 hr, KdVI meeting room, Science Park 107,
 room F320
- 11/12-4 Utrecht: NMC2017
 Call for Posters
 Please send an [email](#) with the poster title and the name(s) of
 the author(s).
[website](#)
- 12/13-4 RUG: Seventh Quantum Universe Symposium
 1) April 12: Masterclass for MSc and PhD students;
 2) April 13: Symposium
[Website](#)
- 20-4 Amsterdam: Public Lecture by best-selling author Simon Singh
From Fermat's Last Theorem to The Simpsons
 Time/location: 14-15 hr. UvA, Science Park 904, room SPCO.110
 Registration is mandatory by [email](#) as the space is limited.
- 18-5 *Amsterdam: CWI in Bedrijf 2017
- 19-5 Antwerp, Belgium: Pre announcement WSC Spring Meeting 2017
 The preliminary program can be found [here](#).
- 19/23-6 Amsterdam: The 8th General AMaMeF Conference on Mathematical
 Finance
[Website](#)
- 3/7-7 Dijon (France): Summer School "Current Topics in the Theory of
 Algebraic Groups"
[Website](#)
- 19/22-9 Utrecht: Fifth International Conference on the History of
 Mathematics Education (ICHME-5)
Call for papers!!
[Registratie](#), [website](#)
- 4/6-10 Zeist: The Forty-second Woudschoten Conference
 Participation is free of charge, but registration is obligatory
 Register before May 5th by filling in the form on the [website](#),
[email](#)

RUN

Workshop on p-adic groups

Dates: March 16-17, 2017, Nijmegen

On 16 and 17 March 2017 a workshop on p-adic groups will take place at the
 Radboud Universiteit Nijmegen. This workshop is connected with the

PhD-defense of Julius Witte, on Friday 17 March.

The speakers are Jeffrey Adler, Anne-Marie Aubert, Tyrone Crisp, Bertrand
 Lemaire, Ralf Meyer and Eric Opdam.

For titles, abstracts and more information see the [website](#).

Everybody is cordially invited! (but please register).

Amsterdam

CWI in Bedrijf 2017

Date/time/location: May 18th 2017, 11-17, Congres centrum, Science Park 125

This is a network event with the theme: Technology for tomorrow.

Special guest: Staatssecretaris Sander Dekker (Opening Scannerlab).

For more information, registration and the programme see the [website](#).

3. Promoties

TUD

4-4 Qian Feng, *Credit Valuation Adjustment*, promotor: prof.dr. Kees Oosterlee, Senaatszaal, Mekelweg 5, 13 u.

UL

13-4 Linda Plantagie, *Algebraic filters for Filtered Backprojection*, promotor: prof.dr. K.J. Batenburg, Academiegebouw, Rapenburg 73, 11.45 u.

4. Vacatures

VUA

The Department of Mathematics of the Vrije Universiteit Amsterdam is inviting applications for an Assistant Professorship in the area of Topological Data Analysis (tenure track).

More details, e.g. on how to apply, can be found in the [job add](#).

CWI

Centrum Wiskunde & Informatica (CWI) has a vacancy in the Networks & Optimization research group for a

talented PhD student

on the subject of High Dimensional Geometric Algorithms.

We are looking for a talented and motivated student with a strong interest in any of the following subjects:

- Algorithms for lattice problems and their applications to integer programming, cryptography and wireless communications;
- High dimensional convex geometry and the geometry of numbers;
- Discrepancy minimization and its applications to approximation algorithms;
- Algorithms for linear programming, analysis of the simplex method and the geometry of polyhedra.

For more information please visit the [website](#) .
